## ASQUITH LONDON FABRICS

Asquith London allows the wearer to buy ethically without sacrificing quality, style and design. We use the softest Organic Cotton and Bamboo jersey fabrics that won't shrink, fade, bobble or stretch, so you can treasure them from season to season.

## ABOUT BAMBOO

An amazing fibre, Bamboo requires no sprays or chemicals in order to thrive.

Bamboo re-grows naturally once harvested and is 3-4 times more absorbent than cotton. It 'wicks' away moisture from the body, which then evaporates, keeping you naturally drier and more comfortable in all temperatures – making it the perfect choice for yoga / Pilates, travel, relaxing at home.

Bamboo also offers an anti-bacterial function (reducing skin irritations) whilst maintaining an exquisite softness and durability.

Bamboo fabric also has insulating properties and will keep you cooler in Summer and warmer in Winter.
